

WATER FOR WELLNESS

WS 11000 BIO-SURE PROTECTION

- Micro Processor Controlled
- Filter Change Indicator
- P² Multi-Phase Process
- In-Line and In-Tank Process
- Cleaner and Healthier Water
- pH Balance
- Nutrient Boost
- Immunity Support
- Antioxidant
- Improved Hydration
- Anti Microbial Spigots and Touch Sensors

**Be Smart!
Be Healthy!
Go Green!**

*“The number
one reason for
early fatigue is
dehydration, not
a lack of fuel.”*

— Dr. Julie Burns

**ATLANTIC
WATER

WS 11000

The WS 11000 pure water system utilizes innovative P² multi-phase, space age technologies to take water quality to a higher standard of water purification. Introduced through both in-line BIO-SURE Plus Filter and in-tank BIO-SURE capsule.

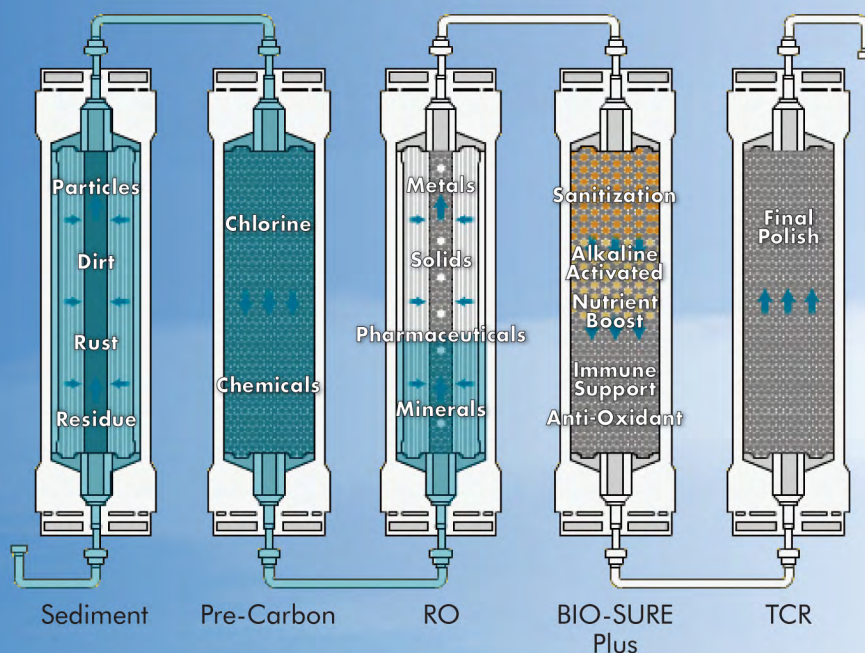

Micro processor controlled:
Water usage display, change filter light, hot and cold temperature control, temperature indicator, custom settings, one hand or one touch dispense.

Problems with Bottled Water

- High Costs
- Spillage
- Storage Issues
- Lifting 42lb. Bottles
- Handling & Bacteria Issues
- Excessive Accounting Issues
- Delivery Inconveniences & Security Issues

In-Line 9 Stage Process

In-Tank 7 Stage Process

WS 11000

Height: 50.3" / Width: 14.2"
Depth: 15.5"

Colors: Black

Cold Water Capacity: 2.1 Gallons
Hot Water Capacity: 1.3 Gallons
